

Role description

# INTERIOR DESIGNER / PROJECT DESIGNER

### **ABOUT STYLUS STUDIO**

Stylus Studio is an interior architectural practice specialising in luxury hospitality, residential, retail and office projects across Asia Pacific.

We believe every space, every interior detail, should serve a purpose. That's why we've made it our purpose to craft meaningful spaces of enduring value. It's a belief underpinned by a disciplined process: a process of research, storytelling, collaborative ingenuity, and a little magic to materialise the meaningful.

#### THE ROLE

Are you a courageous, empathetic and disciplined Interior Architect? Do you engage humanistic approaches to conceive impactful spaces? Are you inspired to understand the world in new ways to give a client's vision meaningful form? If this sounds like you, read on...

We are looking for an experienced interior designer to join our growing Hong Kong team.

### THE IDEAL COLLEAGUE

Beyond an innate curiosity, our ideal candidate will be a "truth-seeker". You're not a slave to trends, and instead use intelligence, analysis and insight to reveal authentic spaces that inspire every sense.

Your work demonstrates poignant, original interior design ideas for high-end hospitality and commercial spaces.

You will display confidence in expressing your concepts — to both colleagues and clients alike — and precisely to contractors.

You show strength in working to the design and time requirements set for the project. This includes an aptitude and maturity to recognise project priorities, and shift focus between the big picture design to the FF&A and technical package details.

You're capable and happy to get hands on to develop schematic designs into design development drawings, and further into tender documentation.

You welcome constructive criticism, and a clear and collaborative communication style.

You're a team player who thrives working with a passionate and optimistic bunch of experienced designers.

Fluency in spoken and written English is essential for this position, with Chinese well regarded. We find strength in diversity, and welcome international designers looking to gain Asian experience.
